EPA Est. No. 0749446-NY-001

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Read all Directions and Precautions on this Product Label.  
Tear open sachet near either end. Remove and unfold the wipe (towellette). Apply to all exposed skin. Apply sparingly around ears. Wash hands after applying. Do not use under clothing. Avoid overexposure. Frequent reapplication and saturation is unnecessary for effectiveness. Do not apply to ears, mouth or the hands of young children. Do not allow children to handle this product. Apply product to your child yourself. Reapply as necessary or after swimming or showering. Apply this product second if used in conjunction with a sunscreen product. After returning indoors, wash treated skin with soap and water. **Storage:** Store in a cool, dry (preferably locked) storage area inaccessible to children and pets, and away from heat or open flame. **Dispose:** Do not reuse box or pouch. Place in trash or offer for recycling if available. Do not reuse this pouch. Place in trash or offer for recycling if available. Never place unused product down any indoor or outdoor drain.

### PRECAUTIONARY STATEMENTS

#### Hazards to Humans & Domestic Animals

**WARNINGS -** Do not apply over cuts, wounds or irritated skin. Causes substantial but temporary eye injury. Do not get into eyes. Do not let children rub their eyes if hands have been treated. Do not use on infants. Thoroughly wash skin with soap and water after use. May cause skin reactions in rare cases. If you suspect you or your child is reacting to a product, wash treated skin and call your local poison control center. If you go to a doctor, take this repellent with you. Harmful if swallowed. **FIRST AID - If in eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eyes. Call a poison control center or doctor for treatment advice. **If swallowed:** Immediately call a poison control center or doctor for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.
